Nina Dobrev of 'Vampire Diaries' is set to make a doppelganger appearance on 'The Originals' as Tatia. During this crossover episode, fans will watch as Esther forces Elijah to revisit his past. This will essentially allow his character to remember his love affair with Tatia.

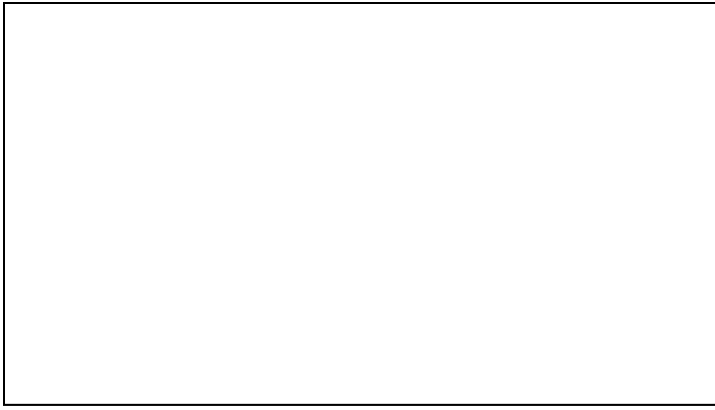

Dobrev's character was first mentioned on the season 3 episode "Bringing out the Dead" of 'Vampire Diaries,' as the sultry witch who divided brothers Klaus and Elijah Mikaelson.

Co-Executive Producer, Michael Narducci, stated "We tell a story that will make you understand [Tatia's] fate, what happened to her, her relationship with both brothers, and why what happened between her and the two brothers is so beautiful and also tragic.
